# ARIS CONNECT (APRIL 2017)

## MULTI MEDIA PUBLICATION IN THE PORTAL

To catch a business users attention, content published (e.g. for a QMS) needs to be catchy and simplistic. Multi-media content publication is a game changer

The screenshot displays the ARIS Connect portal interface. The top navigation bar includes 'ARIS Connect', 'Portal', 'Administrator System', and 'Find'. Below this, there are tabs for 'Home', 'Groups', and 'Glossary'. The main content area is divided into two sections. On the left, a process flow diagram shows 'Predecessors' (Event), 'Current' (Function), and 'Successors' (Function 2). On the right, a detailed view of a 'Function' is shown, including a 'Description' with placeholder text, a 'Documents' section with 'Doc 1', 'Screenshot 1', and 'Screenshot 2', and a 'Link 1' section with a thumbnail image of a document.

# ARIS CONNECT (APRIL 2017)

## STEPS VIEW ENHANCEMENTS<sup>1</sup>

The Steps View is crucial to roll-out business process-related information to business users. As it is so important, it gets a bunch of enhancements

### Planned changes

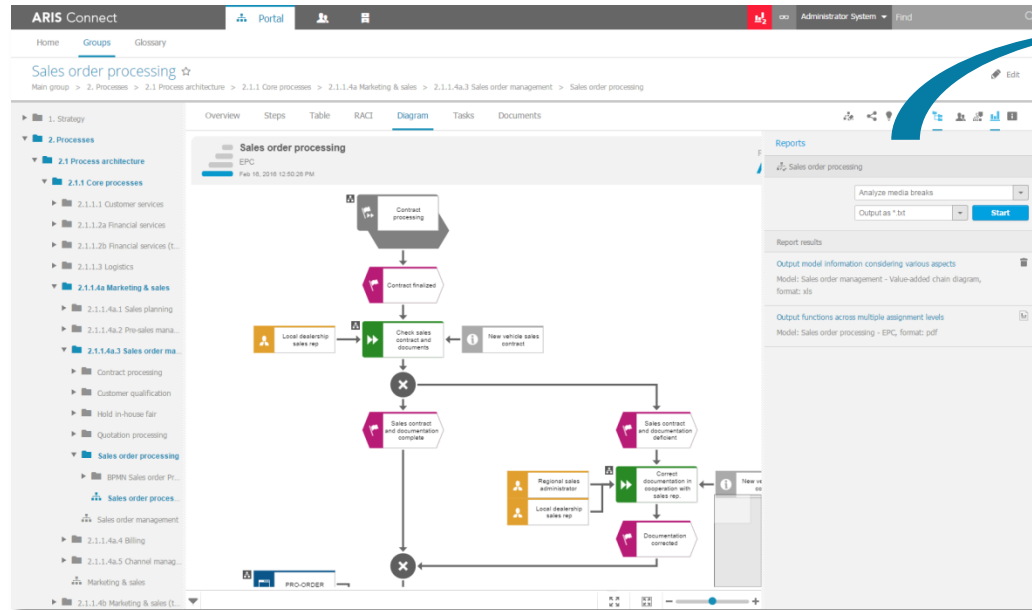

- ✓ When having multiple options (e.g. start nodes, after split), more important options should be shown first
- ✓ Show tooltip in steps view for very long names
- ✓ Steps View to show operator related information
- ✓ It must be necessary to switch between the full process (Diagram View, birds eye view) and the reduced one (Steps View)
- ✓ Provide SSC for Steps View fact sheets

# ARIS CONNECT (APRIL 2017)

## REPORTS WITH DIALOGUES IN ARIS CONNECT

More extended reports can be run in ARIS Connect if the reports allow further specification of criteria (e.g. level, output format etc.). Choices are shown in dialogs

Analyze media breaks

Please select the options for creating the analysis.  
Click OK to end your selection.

Evaluate assigned function allocation diagrams

**Evaluate multiple models**

Evaluate cumulatively  
 Evaluate each model individually

Please specify the analysis name.

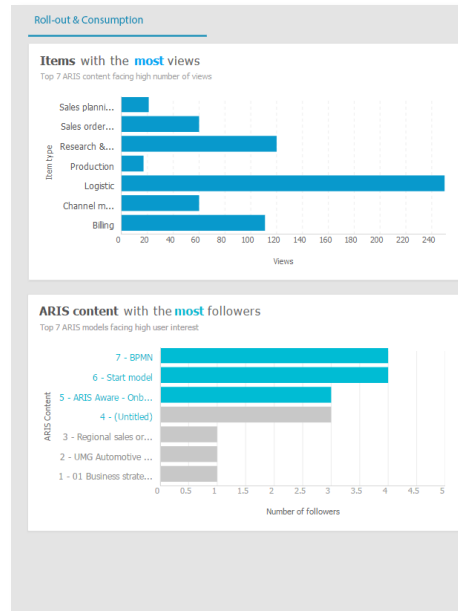

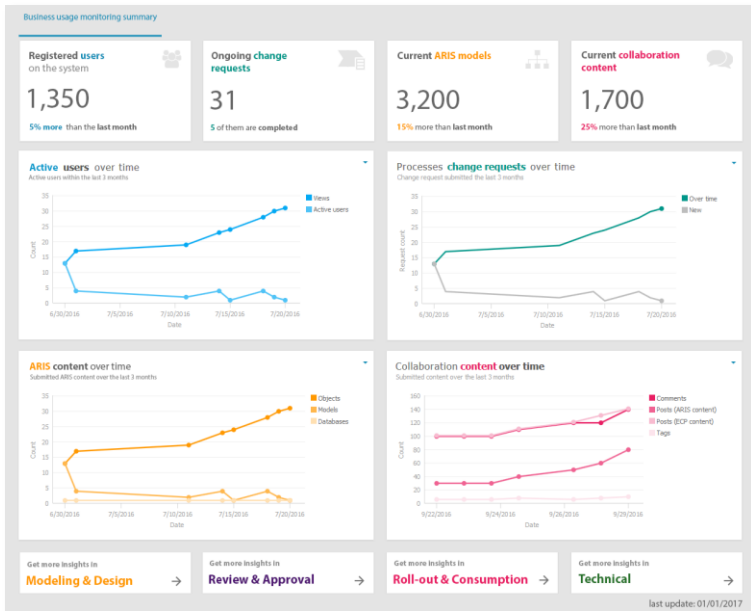

Media breaks in the process

OK Cancel

# ARIS CONNECT 10.0

## BUSINESS USAGE STATISTICS<sup>1</sup> – POWERED BY ARIS AWARE

A Center of Excellence always wants to know what happens on their platform to derive wise roll-out decisions for their transformation programs

How often has a model been clicked by our users?

Items	Views	Exit rate (%)
Logistic	250	30
Research & Development	120	20
Billing	111	70
Sales	70	70
Production	20	10
Sales planning	10	10
Vehicle billing	10	10
Administration & Shared Services	10	10
UMG Bank	10	10

What should we focus on when we do the next content release?

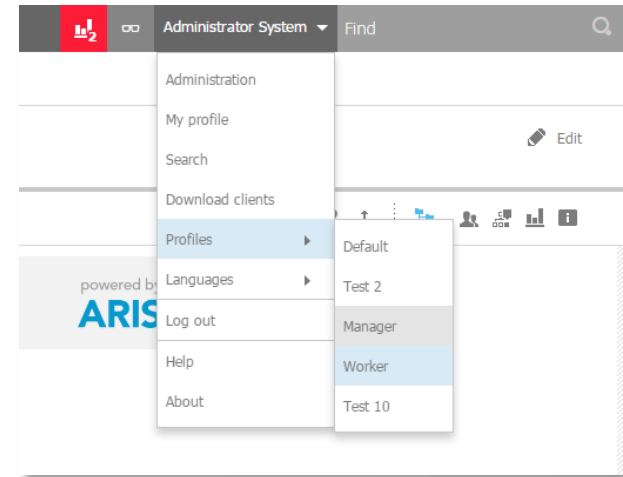

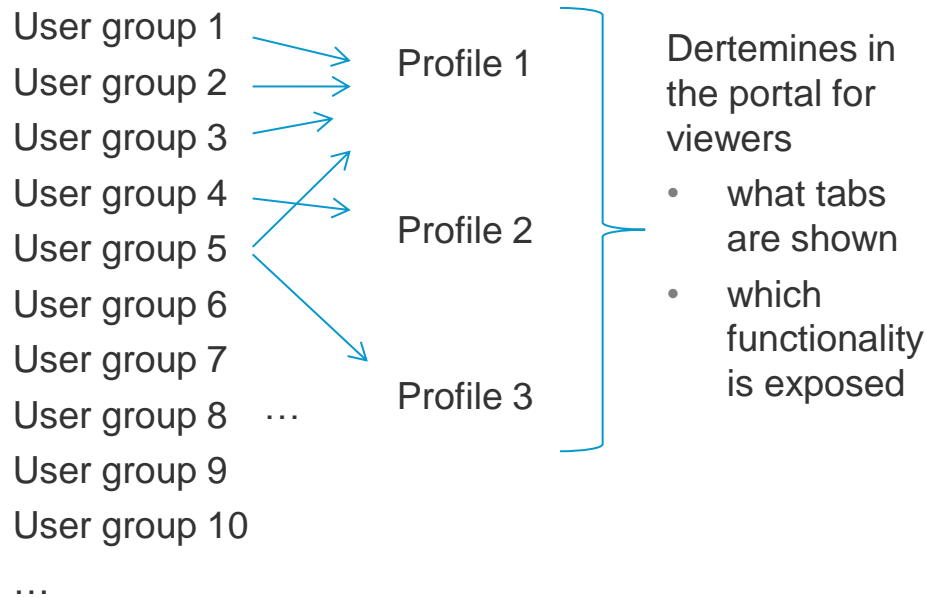

Which tabs are being clicked most?

What technology is used by our user groups?

# ARIS CONNECT (APRIL 2017)

## PROFILE-BASED VIEWS FOR DIFFERENT ROLES / USER GROUPS<sup>1</sup>

Different target groups have a different need for information and functionality. You now assign user groups to profiles which define what user see and what they can do

# OCTOBER 2017

# ARIS CONNECT

## OCTOBER 2017 AND BEYOND

### **Important topics being discussed / planned for future releases**

- View generation for models
- Further UX enhancements
- Role-based access enhancements (handling, role selection)
- Portal2Portal Plug-in API
- Minor collaboration enhancements
- Spreadsheet supporting in viewing
- Extension of ADS-SP connector

# HOW TO INTERACT?

# BRAINSTORM

# BRAINSTORM

## WHAT IS IT AND WHAT IS IT NOT?

- **Brainstorm is**

- ...Software AG's environment to **roll-in features** if you are an ARIS customer, community (e.g. user group), user
- ...a place to receive Information about **feature status**
- ...a place to **collaborate with like-minded**
- ...a place to **learn** from other customers and users

- **Brainstorm is not**

- ...a place to ask **how-to** questions
- ...a place to post something that **nobody understands**
- ...**accessible to every end-user**; accounts are restricted to a few per customer to control priorities

# HOW TO GET ACCESS VISIT SOFTWARE AG'S CUSTOMER PORTAL

The screenshot displays the Empower Portal interface. At the top, the 'software AG' logo is on the left, and 'EMPOWER PORTAL' is centered. A navigation bar below the logo contains links for 'KNOWLEDGE CENTER', 'PRODUCTS & DOCUMENTATION', 'CONTACT SUPPORT', 'INFO', 'PARTNERS', 'PREFERENCES', and 'COMMUNITIES'. On the left side, there is a 'Home' link and an 'EMAIL' login section with fields for 'dominik.vanderhaeghen@softw...' and a password field, along with a 'LOG IN' button. Below the login section is a vertical menu with items like 'Knowledge Center', 'Products & Documentation', 'Contact Support', 'General Support Information', 'Partner Services', 'Preferences', 'Community Services', and 'Feature Requests in Brainstorm'. The main content area features a large banner with the text 'HOW MAY WE HELP YOU TODAY?' and an image of two business professionals. Below the banner are four service tiles: 'ONLINE SUPPORT SERVICES' with an eService icon, 'PRODUCT INFORMATION' with a product box icon, 'PRODUCT FIXES' with a hammer and screwdriver icon, and 'DOWNLOAD PRODUCTS' with a mouse icon. On the right side, there is an 'ANNOUNCEMENTS' section with two entries: 'Innovation World Tour - Digital Business Days 2016' and 'The Top 5 IT Modernization Capabilities You Need to Have'. Below the announcements is a 'HAVING PROBLEMS LOGGING IN?' section with a 'Check out our FAQ' link and a question mark icon, and a 'SHAPE THE FUTURE OF SOFTWARE AG PRODUCTS' section with a 'Go to Brainstorm' link and a computer icon.

- <https://www.empower.software.ag.com>
- Log-in with the user credentials you requested
- If you are the ARIS owner and do not have an account, please request it [here](#)
- If you are an ARIS user, please synchronize with your ARIS owner because every organization gets limited user accounts

# HOW TO GET ACCESS BROWSE TO THE PRODUCT SPACE

The screenshot shows the 'EMPOWER PORTAL' Knowledge Center. The left sidebar menu is open, showing 'Feature Requests in Brainstorm' highlighted. A green box highlights this menu item, and a green arrow points from it to the 'Feature Requests in Brainstorm' link in the main content area. Another green arrow points from the 'Launch Brainstorm' link in the main content area to the 'Feature Requests in Brainstorm' menu item. The main content area lists various product categories: Knowledge Center, Products & Documentation, Download Products, Download Third Party Products, Download Components, Order Products/Licenses, Product Version Availability, Announcements, Documentation, Technical Reports, Security, Globalization, and Feature Requests in Brainstorm. The 'Feature Requests in Brainstorm' link is highlighted with a green box.

- Launch Brainstorm from here
- If you don't have access, learn in the FAQ section how to get access

# HOW TO WORK WITH BRAINSTORM

## SUBMIT A FEATURE REQUEST

New Feature Request

Product \*  
ARIS Connect

Summary \*

Description \*

Reported Version

Incident Number

iTrac

Platform  
Select Platform...

Customer Name

Product Manager

Status

Fix Version

Save Cancel

- Please fill in all fields carefully
- When you save your feature request, Product Management gets automatically notified
- A PM will review your request, be patient – a feedback might not be given instantly after submission (note: some PMs review Brainstorm periodically in preparation of the release planning)
- In case of questions, please place a comment in the feature request comments thread

# HOW TO WORK WITH BRAINSTORM

## KEEP TRACK ON THE STATUS

New	Status is automatically set to new when submitted
(Under review)	PM reviews feature request(s) Detailed discussion might be happening internally (e.g. feasibility, efforts) or externally (e.g. questions)
(With community)	Feature is chosen to be judged by community first Like-minded customers have the chance to vote for a feature
Not in plan	Feature is making sense but Feature is not planned for one of the next two releases
Closed	Feature is redundant or Feature does not fit to product strategy
Planned	Feature is planned for a specific release
(Under Development)	Feature is planned and currently under development Can be expected for the next 2 releases
Released	Feature has been released already See notes for further information

# ARIS COMMUNITY

## Welcome to ARIS Community!

Welcome to ARIS Community - THE online BPM community for all topics related to Business Process Management (BPM). This BPM community is open for all discussions among tools and your expertise with them. Let's share knowledge, network with other experts and experience new approaches to BPM. Participate in discussions and download free ARIS Express to kickoff your BPM effort!
